Education

Indian Institute of Information Technology, Sri City, Andhra Pradesh

B.Tech in Computer Science and Engineering

2024 – 2028

CGPA: 8.15

Projects

FastAPI Blog API with JWT Authentication

Python, FastAPI, SQLite, JWT, Pydantic

github.com/rajatjain3366/fastapi-blog-api-auth

- Built a fully functional RESTful Blog API using FastAPI supporting complete CRUD operations for blog posts and user management.
- Implemented JWT-based authentication with secure password hashing using Passlib (bcrypt), protecting write-access routes.
- Designed a modular project structure with routers and repositories; integrated SQLite as a lightweight file-based database with Pydantic for request validation.
- Auto-generated interactive API documentation via Swagger UI (`/docs`), enabling seamless end-point testing without external tools.

Personal Portfolio Website

React.js, HTML, CSS, Netlify

rajat-jain-portfolio.netlify.app

- Designed and developed a fully responsive personal portfolio website showcasing projects, skills, and contact information.
- Built with React.js featuring modern UI design, smooth animations, and a mobile-first responsive layout.
- Deployed on Netlify with continuous deployment via GitHub-based version control for seamless updates.

Technical Skills

Languages: C, C++, Python, Java, JavaScript

Web: HTML, CSS, React.js, Node.js, FastAPI, Bootstrap, jQuery

Databases: MySQL, SQLite

Tools: Git, GitHub, Netlify, Postman, MATLAB, VS Code

Concepts: RESTful APIs, JWT Authentication, CRUD Operations, MVC Architecture, Version Control

Relevant Coursework

Data Structures & Algorithms · Object-Oriented Programming · Database Management Systems · Computer Networks · Operating Systems
